Buck's Bulletin

Fall truly seems to be in the air. I know car duty is much more comfortable with the falling temperatures. Recently, we had a wonderful joint activity with Ms. Serago's 3K class and our high school Environmental Club. The 3K students walked with their teacher and chaperones from Saint Thaddeus to our campus. Once they arrived, our leadership students of the club, Esther Marks, Caroline Johnston, Novee Mitchell, Bella Shappell, Michael Dean Bryce, Livi Cato, and Marie Reyes, assisted the 3K students with planting the pumpkins in the raised beds prepared in advance by club members. We have some future teachers in that group. The high school students were incredibly patient and kind to the precious 3k students as they paired off to plant the pumpkins. It was a fun activity!

Several of our Student Council members, Chuck Stanley, Jack Thomas Hamrick, and Livi Cato, represented Mead Hall at the SCISA Fall Convention. Our team successfully got their bills passed in the student Legislature. The first bill was in support of having home economics included in the SCISA curriculum. The second bill was in support of boys volleyball being included as an official sport in SCISA. Our students made us very proud!

Homecoming is just around the corner. The weekend of October 7-9 will be filled with fun activities. We will have theme dress days throughout the week. There will be a pep rally and some form of a volleyball match between girls and boys. I am a little nervous about some of the "games" the homecoming committee discussed. I am afraid that some of them may include me! There is also a dance scheduled for our high school students. Sunday of that weekend will be Mead Hall day at Saint Thaddeus. Please make plans to attend. More detailed information will be coming about these events.

Thank you all for entrusting these wonderful children into our care. We truly want to help them find the path God has for them.

Blessings,

Mike
