

Rising 2nd Grade Summer Reading List

Reading for 20-30 minutes daily can greatly improve a student's reading skills! Listening comprehension is typically higher than reading comprehension, so please continue reading to your child as well. You are sure to enjoy the wonderful and nurturing times this creates between you and your child.

Books

A to Z Mysteries by Ron Roy
My Weirder School by Dan Gutman
Magic Tree House series by Mary Pope Osborne
A Jigsaw Jones Mystery by James Preller

National Geographic for Kids
Highlights

Rev. 5/30/24

Summer Math: We recommend that students continue using the Zearn Math Program because it aligns with Eureka Math and will help them to maintain all that they learned this school year! Students will benefit greatly by logging in just twice a week and playing until they get a green light.
